

Abdul-Wahab Abdurrasheed

Full-Stack Developer | React.js | Node.js | MongoDB | SQL

Toronto, ON | masterawahab@gmail.com | +1(437)-221-1910

Portfolio: mastertecs.vercel.app | GitHub: github.com/master-tecs | LinkedIn: linkedin.com/in/abdul-wahab-abdurrasheed/

SUMMARY

Full Stack Developer with 3+ years of experience building scalable web applications and APIs for clients across various industries. Proficient in React.js, Next.js, Node.js, Express, MongoDB, and SQL. Adept at writing clean, testable, and well-documented code in collaborative Agile environments. Remote-ready with a professional home office setup. Passionate about digital transformation, problem-solving, and continuous learning. Skilled in Node.js, MongoDB, SQL, and Python. Strong collaborator who thrives in dynamic environments and values clean, maintainable code.

TECHNICAL SKILLS

Back-End & Databases:

- Node.js, Express.js, Python, PHP, MySQL, MongoDB, RESTful APIs, C/C++

Front-End:

- JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, SASS, Tailwind CSS, Bootstrap

Other Tools:

- Git, GitHub, Linux, Firebase, Webpack, Jest, WordPress, Figma

RELEVANT EXPERIENCE

Freelance Web Developer — *Remote*

Jan 2023 – Present

- Delivered web apps and e-commerce platforms using React.js, Node.js, Express, and MongoDB.
- Designed RESTful APIs and integrated third-party services such as Stripe and Google Maps.
- Built scalable, well-tested backend logic following best practices for code quality and documentation.
- Deployed and maintained applications using Git, Linux, and Firebase, managing DNS configuration, SSL setup, and CI/CD workflows with tools like GitHub Actions, Vercel, and Netlify.
- Collaborated with remote clients, demonstrating strong communication skills and autonomy.

Front-End Developer — Darussalam Computers, Nigeria

Sep 2019 – Oct 2022

- Supported back-end logic using PHP, MySQL, and Firebase, optimizing for real-time performance.
- Assisted in UI development with JavaScript, HTML, and Tailwind CSS, ensuring responsive design.
- Worked closely with designers and product teams to implement user-centric features.
- Contributed to systems in retail and inventory management, giving insight into logistics-oriented workflows.

EDUCATION

Seneca Polytechnic — Toronto, ON

Diploma in Computer Programming (Expected 2025)
